## Election/Restrictions

Applicant's election with traverse of Group II, claims 1-23 and newly added claims 26-34 in Paper No. 10 is acknowledged. The traversal is on the ground(s) that "claims 18 is dependent on claim 1 so it cannot be said to no include the inventive concept of claim 1". This is not found persuasive because the basis for the restriction is the presence of a different special technical feature, which the applicant does not mention at all in his traverse. Specifically, the elected group, particularly claim 18, requires a specific magnetic property while the remaining claims do not. This special technical feature is the basis for the restriction.

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the presence of claims 1-17, 24-25, and 35-42, drawn to an invention non-elected with traverse in Paper No. 8. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

## Allowable Subject Matter

Claims 18 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Likewise, as claims 19-23 and 26-34 depend from claim 18 they would also be allowable once claim 18 is re-written.
